

Active-Active

Run two connect-distributed.sh machines in each region, configured to use the local regional cluster as its "brain" (config,status,offset control topics)

Topic Naming (MUST DO THIS)

topics in VIN must be prefixed with VIN
topics in GRU must be prefixed with GRU

VIN => GRU connector config

- topicsToCopy: VIN.*
- topicsToIgnore: GRU.*

GRU => VIN connector config

- topicsToCopy: GRU.*
- topicsToIgnore: VIN.*
